## Welcome to Chickahominy Riverfront Park

This beautiful 140-acre park and campground has something for every member of your family to enjoy. Whether you love the outdoors, or are looking for an affordable vacation spot in the historic triangle, we've got you covered.

## Make Your Memories Historic

We are proud to be a part of three major historical water trail systems. Within the Chickahominy waters, you can explore the nation's first water trail — the Captain John Smith Chesapeake National Historic Trail. As you retrace his voyage, discover the Virginia he knew. The river sustained a powerful Indian people bearing its name, helped spare the starving Jamestown colony and remains a cradle of ecological diversity. Explore the Chickahominy River Water Trail by padding its creeks, fishing its waters, birding its swamps or retracing its history and culture. The Park is a member of the Chesapeake Bay Gateways and Watertrails Network. For more information, visit [home.nps.gov/cajo/index.htm](http://home.nps.gov/cajo/index.htm).
